

PMC INNOVATIVE IDEAS & SOLUTIONS

PMC Live Risk Dashboard

Founder-oriented financial and delivery risk system for project managers and entrepreneurs. Built as a browser-ready HTML tool like your premium flashcard system. It tracks exposure, projects, vendors, delays, cash pressure, and alerts. Data is stored in your browser using local storage.

Total personal investment

₹9,30,000

Total project loss / missed value

₹70,00,000

Potential vendor exposure

₹17,00,000

Overall risk score

61 / 100

Notes / root cause / action

Risk alerts

Auto-generated

High-value loss exposure

Lost / missed value is ₹70,00,000. Build recovery log, legal communication trail, and project-by-project accountability.

Personal capital heavily exposed

Personal investment has reached ₹9,30,000. Separate founder money from project money immediately.

Vendor exposure above safe limit

Do not release full vendor budgets upfront. Convert to phased milestone payments with acceptance sign-off.

Risk intensity

PM + Entrepreneur view

Project Loss		70%
Personal Exposure		19%
Vendor Exposure		34%
Avg Risk		61%

Financial distribution

Exposure mix

Bucket	Amount	Share
Loss value	₹70,00,000	70%
Personal investment	₹9,30,000	9%
Vendor exposure	₹17,00,000	17%
Receivable pending	₹4,00,000	4%

Project and loss register

Track every risk item

Project	Category	Status	Delay	Investment	Vendor exposure	Loss value	Receivable	Comp
Project loss case 1 Major project delay, client financial problem, vendor still incomplete.	Entrepreneur Exposure	Critical Risk 76/100	537 days	₹5,30,000	₹9,00,000	₹40,00,000	₹4,00,000	35%
Project loss case 2 Second project	Client Payment Risk	Critical Risk 71/100	462 days	₹4,00,000	₹8,00,000	₹26,00,000	₹0	20%

Project	Category	Status	Delay	Investment	Vendor exposure	Loss value	Receivable	Comp
loss, receivable collapse, no reliable closure timeline.								
Control loss case Loss of control over 4 lakhs. Needs vendor and cash lock mechanism	Cash Flow Risk	Warning Risk 37/100	325 days	₹0	₹0	₹4,00,000	₹0	60%
